OUR MISSION:

“To build upon our art and cultural achievement by nurturing and supporting artists, strengthening existing cultural programs throughout the region and introducing new ventures that will enable us to continue as a vibrant arts destination with strong links to our unique history.”

St. Mary's Art Center is a welcoming arts and culture cornerstone in Northern Nevada. The magical historic former hospital property is full of life and stories, 61 years of which have been dedicated to our own work and home to hundreds of art and writing retreats, private rentals, and events.

Our women-led staff and board manage all aspects of the business, property, and programming as a small but mighty team. The dedicated 4-person staff and 5-person board of trustees, along with amazing volunteers, work diligently to provide exceptional arts and culture programming and preserve the historic property.

The diverse team is also a family with a deep commitment to fulfilling our mission to advocate for the arts and artists. The artists, writers, and many creatives in Nevada and surrounding area are phenomenal and it is our pleasure to help the public experience their work through our programming and ventures such as our private rental program.

Thank you for supporting the arts and preservation of this historic property. We welcome everyone to experience the wonder of St. Mary's Art Center.
